## Our online bill payment site has a new look

It's now called SmartHub. It's a new user-friendly program to help with your electric account management and bill payment options. Members can view daily and monthly electric usage, either on a computer, tablet or smartphone 24/7.

Find the SmartHub logo on our Web site at [www.acrec.com](http://www.acrec.com) or directly at <https://acrec.smarthub.coop>.

SmartHub not only allows you to view your electric usage, you can connect with social media and gather other useful information as well. Creating a SmartHub account is quick and easy.

Users can choose to receive email or text notifications when a payment is due or when a variety of other account activities occur. With just a few clicks of your computer, tablet or smartphone, you will know before your bill arrives if you're using more power than usual. You can also monitor and manage your electric usage using graphics and usage markers.

SmartHub also comes with a secure app for smartphones. Now you will be able to make a payment or check how much electricity you used on any given day from your phone. The app is absolutely free. You can download it from iTunes or the Android app store.
